Talaabooyin fudud ayaa farqi weyn samayn kara

Shilalka ayaa ah khataraha ugu waaweyn ee la soo dersi kara nolosha iyo caafimaadka ilmaha. Shilalka iyo dhaawacyada qaarkood waxba lagama qaban karo, laakiin nasiib wanaag adiga oo hooyo ama aabo ah waxaad samayn kartaa waxyaabo badan oo keeni kara in la sugo deegaanka ilmaha ku xeeran.

Qoraal-warbixineedkan ayaa ah mid ka hadlaya xaaladaha sida caadiga ah ay dhici karto in dhaawac iyo shil soo gaadho ilmaha marka ilmuu jiro 2 sano ilaa 4 sano, Dadka qaarkood ayaa u arki kara taloooyinkan kuwa laga wada war hayo, laakiin nolosha hawlmaalmeedka mashquulka badan awgeed way adkaan kartaa in qofku uu wax walba xasuusto. Qoraal-warbixineedkan ayaa loo isticmaali karaa xusuusqor oo kale.

Guryaha iyo deegaanadu way kala duwan yihiin, waxana ka jiri kara waxyaabo kala duwan oo dhib keeni kara. Waxaa muhiim ah in laga fikiro waxa u gaarka ah deegaanka uu ilmahaagu kolba ku jiro.

3 jirradu way ka barasho sareeyaan, aadna u xiisaynayaan in ay barashada korodhsadaan. Waa muhiim in ay waalidku falawgeed sameeyaan in uu ilmuu barto xaaladaha cusub iyo ciyaaraha, isla markaasna ka ilaaliyan shilalka.

Maxaad samayn kartaa si aad u wanaajiso deeganka iyo ammaanka ilmaha?

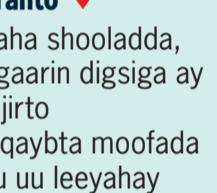

Dhaawacyada ka soo dhaca meesha sare ▲

- Jaranjaroyinka waa in albaab yar lagu xiro
- Daaqadaha waa in lagu sameeyo qful carruureed (barnesikring)
- Ha u ogolaan ilmaha in ay joogaan barandaha ilaalin la'aan
- Sariiraha is dul saaran khatar-tir si aan looga dhigan sallaan

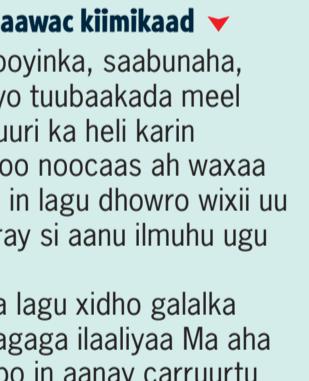

Gubasho - Biyo iyo cunto ▼

- Ilmaha ha fadhiisin dhabtaada marka aad cabaysid ama cunaysid wax kulul. Jirka caruurtu waa mid nugul, dhaawacyada gubniinkuna xitaa 40 digrii ayey ku iman karaan
- Qasabadda baadka, tuushka iyo ta lagu fooldhaqdo intuba waa in ay lahaato qiyasaha labada xaraaradood
